# Royal Sheffield Infirmary and Hospital

Being the amalgamation of

THE ROYAL INFIRMARY, SHEFFIELD, Founded 1797

THE SHEFFIELD ROYAL HOSPITAL, Founded 1832

## REPORT FOR THE YEAR ENDED 31st DECEMBER 1944

**I**N presenting this, the sixth Report of the Royal Sheffield Infirmary and Hospital the Court of Management wish to express their heartfelt thanks and gratitude to donors, subscribers, and to contributors and to all those who by personal service or by financial assistance have made possible an excellent record of work.

The legal fusion of the Royal Infirmary and Royal Hospital, accomplished by Act of Parliament in 1939, has been brought a definite stage nearer the ideal—the ultimate goal of a new Hospital to serve as a living edifice of healing and research—and, as the record of our stewardship will shew, the foundation of planning and preparation is well advanced to enable actual building of part of the scheme to commence as soon as practicable.

### ONE REPORT

This Report for 1944, embodying for the first time the Reports of the Unit Hospitals in one cover, should be regarded as the expression of the Court's earnest desire for the amalgamated hospitals to work as one whole in the planning and fulfilment of a complete hospital service for the people of Sheffield and district—a service which will be enriched by the traditions and experience of the past and will add to the prestige and reputation of both the Royal Infirmary and the Royal Hospital. At the same time it is important to retain the interests and loyalties of friends of both unit hospitals. Donations or legacies may still be earmarked for the furtherance of the work at the Royal Infirmary or at the Royal Hospital.

Looking back on the last year one is impressed by the time which has been devoted to the formulation of schemes for future development. This is naturally so for, we hope, we are approaching the end of the War in Europe when it will be possible to implement the schemes of building and extension regarded as essential for a Teaching Hospital. With this object in view a Special Committee has been appointed to consider the recent report of the Inter-Departmental Committee on Medical Schools (the Goodenough Report), to assess our future needs as a Teaching Centre and as a Hospital responsible for providing treatment facilities for a densely populated industrial area, and to determine future needs in the light of modern trends in medical thought and hospital practice. We look forward to working in even closer association with the University authorities in the important considerations which will arise for it is realised that the Medical School has a vital part to play in the planning and operation of a comprehensive and co-ordinated hospital service. The problem is being faced both from a long term and from a short term point of view as we cannot mark time until the new Hospital becomes a reality, and must go forward with the creation of new and the improvement of existing special departments.

### ACCIDENT AND ORTHOPÆDIC DEPARTMENT

It cannot be emphasised too strongly that the Royal Sheffield Infirmary and Hospital provides an area service in its special departments. In no case is this more

so than in the treatment of fractures, a service which in terms of patients treated, is one of the largest in the country. The Hospital was called upon last year to treat 9,366 patients in the Fracture and Orthopædic departments and the importance of this branch of our activities has been fully appreciated by the Court. For some time now careful consideration has been given to improving the service provided, and a scheme has been adopted whereby a complete service will be available for all accident cases from the time the patient is brought into the hospital to the time when the patient is fit to resume his normal occupation at home or in the Works. The Accident Departments will have access to the Fracture and Orthopædic Wards, and will provide facilities for the examination of the patients by the Orthopædic Surgeons, for immediate radiological investigation and operative procedure, for the continuation of treatment after discharge from the wards and for provision of rehabilitation by means of remedial exercises and occupational therapy both for the ward patients and for the out-patients. By these means all the services used for the restoration of function during the treatment of fractures will become a geographical part of the orthopædic unit so that they will have the personal supervision of the orthopædic team and so ensure full continuity of treatment, an essential to good results. The scheme is the first of its kind to be associated with a general hospital and in the view of the Medical Committee will serve to lessen the time of incapacity arising from accidents both industrial and domestic.

#### **REHABILITATION—WOOFINDIN HOME**

The arrangements with the Trustees of the Woofindin Home, whereby the accommodation at the Home is used for post-hospital treatment of patients discharged from the wards of the Royal Infirmary and the Royal Hospital and the other hospitals associated with our accident service, have been continued during the year. The bulk of these patients have been injured as the result of accidents in the mines and works and under the care of the Orthopædic Surgeons have continued their rehabilitation under ideal conditions. A technical staff including a Physiotherapist and a Medical Gymnast organise remedial exercises and occupational therapy until complete recovery. The expressions of gratitude received from these patients indicate how much this most valuable service is appreciated. The Home has been visited by Mr. Robert Foot, Chairman of the Mining Association, and Dr. H. Balme, Medical Officer in charge of Rehabilitation for the Ministry of Health who have both expressed their high regard for the work being carried out.

#### **DEPARTMENT OF NERVOUS DISEASES**

With the growth of knowledge and the development of new and skilled techniques, the need for special departments for the care and treatment of patients suffering from disorders of the nervous system has been recognised by the authorities of the Medical Schools. In Sheffield, a beginning has now been made and a Department of Nervous Diseases has been formed to study and treat nervous disorder in all its forms. The department is temporarily housed at the Fulwood Annexe and during the past year 814 patients have been treated, 496 being service cases including 130 Western Front Battle Casualties. 495 operations and investigations have been carried out, a figure which reflects an enormous amount of painstaking and highly-skilled technical application in this specialised branch of surgery. Of these, 196 were major neurological operations with successful recovery or alleviation in 78% of the patients. The casualties of war have provided neurological centres with much knowledge in the care and treatment of head injuries. These are common and disabling injuries in times of peace and the facilities which have been created for dealing with these injuries of war should in peace be maintained and developed. Research work in the use of penicillin in the treatment of meningitis has been encouraged by the Court and for this purpose a well equipped bacteriological laboratory

has been established at the Annexe. Thirty-two cases of meningitis have already been treated with penicillin during the past six months. Dr. J. Carson, M.B., M.R.C.P., has been appointed to the new post of Temporary Honorary Assistant Physician to the Department of Nervous Diseases.

### **SHEFFIELD SCHOOL OF NURSING**

Early in the year Miss D. M. Biddle, S.R.N., S.C.M., R.S.C.N., was appointed as Supervising Tutor to the Sheffield School of Nursing. This School embodies the teaching facilities of the Royal Sheffield Infirmary and Hospital for general training, the Jessop Hospital for gynæcological nursing and the Children's Hospital for training in the nursing of sick children. 56 students have been enrolled since the inauguration of the School on 1st June 1944, and are now taking their general training at the Royal Infirmary and at the Royal Hospital. Later when the student nurses have passed their preliminary State Examinations they will spend definite periods at the two special Hospitals, returning to the parent Hospital for completion of their training until the Final State Examination. The establishment of the School, in the opinion of the Court, serves as a practical example of how hospitals can work together for the benefit of all and the scheme in Sheffield has created keen interest in the nursing world. We feel that we shall be able to provide our Student Nurses with the most comprehensive training possible and we look forward to the time when a suitable hostel can be secured for the establishment of a Central Preliminary Training School, where the student nurses can spend three months attending lectures and practical classes prior to working in the Wards. Until such time, preliminary training courses are held at the unit hospitals.

As the student nurses in the existing training schools qualify, their place will be taken by students of the Sheffield School of Nursing.

We take this opportunity of recording our warmest thanks and appreciation to the Matrons and Sister Tutors of the unit hospitals who have succeeded in establishing an excellent reputation for Sheffield as a training centre for nurses. During the past twenty years student nurses have passed through our schools where they have been prepared by able teachers for the State Examinations and have attained results of the highest order. In the twelve months ended June 1944 the results of the State Examinations were as follows:—

		<b>Royal Infirmary</b>	<b>Royal Hospital</b>
Preliminary	.. ..	57 student nurses entered, 54 passed	36 student nurses entered, 33 passed
Final	.. ..	55 student nurses entered, 51 passed	36 student nurses entered, 34 passed

### **NURSES HOME—KERSAL MOUNT**

We are glad of this opportunity of acknowledging our indebtedness to Mr. Stuart C. Goodwin for his generous gift of Kersal Mount to be used as an addition to the Nurses Home. Kersal Mount adjoins Tapton Court, the Nurses Home of the Royal Hospital Unit, with which it will eventually link up to form the new Home for Nurses when the new Hospital is erected. For the present Kersal Mount provides accommodation for the Night Staff of the Royal Hospital and has already proved a most useful addition to the amenities provided for our Nurses.

### **WORK OF THE YEAR**

As a medical teaching centre the Royal Sheffield Infirmary and Hospital, has, it has more than once been emphasised, a position of additional responsibility. Teaching and research are vitally important activities and we anticipate considerable expansion in both these directions. Yet it may be a platitude but it is a truism worth repeating that the Court have never lost sight of the fact that our primary obligation is to provide

specialist treatment for a large number of sick persons from a wide area. It is then a source of satisfaction that in spite of the difficulties of personnel and accommodation our record of treatment shows a large increase in the volume of curative work when the figures for 1944 are compared with 1938.

	In-Patients			New Out-patients			Operations		
	1938	1940	1944	1938	1940	1944	1938	1940	1944
Royal Infirmary	7,309	7,032	7,883	60,793	61,138	74,625	8,824	9,374	9,994
Royal Hospital	6,029	6,102	7,838	56,252	56,167	59,378	6,267	7,058	6,999

Since the outbreak of war the Royal Sheffield Infirmary and Hospital has been enrolled in the Emergency Hospital Service; early in the summer of 1944 special arrangements were made for the reception of convoys of wounded service men from the Normandy battle front and 22 convoys were received at each unit hospital, the number of wounded admitted being 766 to the Royal Infirmary and 734 to the Royal Hospital. Our grateful thanks are recorded to the members of the Honorary Staff responsible for the reception and treatment of these patients and to the voluntary stretcher bearers who gave their services readily at all times.

## STAFF

The work of the Honorary Staff has been particularly arduous and the Court would once again express to the members their deep sense of gratitude. The ready acceptance of additional responsibilities calls for the warmest praise and we desire to record grateful thanks for a splendid service well and truly performed.

During the year under review we have lost by death the services of Dr. Fretson Skinner, Senior Physician at the Royal Hospital after an association extending over a period of 40 years. His loss is one which will be felt not only by the Court and his colleagues on the Staff but by many thousands of patients by whom he was held in affectionate regard. As a pioneer in psychiatry he rendered noble service to his native city and will long be remembered.

Mr E. F. Finch, Senior Surgeon to the Royal Infirmary became a Consulting Surgeon but has agreed to remain in active office temporarily during the war and his action in so doing is very much appreciated.

The Court are pleased to report the appointment of Dr. H. P. Brody as Temporary Honorary Physician at the Royal Infirmary unit, after serving for 16 years as House Physician, Clinical Assistant and Medical Registrar.

Mr. Ferguson Wilson, Senior Surgeon to the Royal Hospital became a Consulting Surgeon.

The Court with great regret received the resignation of Dr. Rupert Hallam, Honorary Dermatologist, who had rendered invaluable service to both hospitals for a period extending over 43 years.

We record with pleasure the return from service with H.M. Forces of Dr. H. R. Vickers who has now taken over his former duties in the Dermatological Department.

Mr R. C. Webster, L.D.S., M.D.S., retired from the Honorary Dental Staff after 34 years valued service, and sincere thanks are recorded for his long and faithful association with the Dental Department. Mr S. Bain, L.D.S., has been appointed as Honorary Dental Surgeon to fill the vacancy thus caused.

## COURT

We are the poorer for the loss of Mr Joseph Bradbury who had served on the Board of Management of the Royal Infirmary since 1922 and had rendered valuable service as a member of the Finance Committee and Chairman of the Accounts Committee for many years.

## CHAPLAIN

The Chaplain, Rev. A. W. Adams, M.A., the first full-time Chaplain to the Royal Sheffield Infirmary and Hospital resigned his post on taking over a living in Worcestershire. His services were appreciated greatly by patients and staff. We are pleased to report the appointment of Rev. D. E. Newns in his place.

## LEGACIES

The Court acknowledges with grateful thanks receipt of the following legacies :—

## SHEFFIELD HOSPITALS COUNCIL

The Court of Management record deep appreciation of the splendid support which the Royal Sheffield Infirmary and Hospital continues to receive from the Sheffield Hospitals Council. The record sum of £121,627 was allocated to the Royal Infirmary, and £73,635 to the Royal Hospital, in all an increase of £9,383 over the amounts received for the previous year. We are grateful to the Contributors both employers and workpeople, to the Executive Committee of the Contributors' Association, Works, Ward and District Committees and to all who by their hard work and interest have made the Sheffield "Id. in the £" Scheme an outstanding example in the country of a successful Contributory Scheme.

## FINANCE

The financial statistics for the past year are as follows :—

	<i>Royal Infirmary</i>	<i>Royal Hospital</i>
	£	£
Total Income ....	173,454	139,458
Total Expenditure .... (including transfers to General Purposes Reserve)	173,100	138,935
Excess of Income over Expenditure ....	£ 354	£ 523
Transferred to General Purposes Reserve ....	17,000	27,000
Free Legacies transferred to General Purposes Reserve ....	28,347	2,967
	<u>£45,347</u>	<u>£29,967</u>

It should be pointed out that the receipts from the Ministry of Health under the Emergency Hospital Scheme have been brought into General Income. These monies totalling £59,900 (Royal Infirmary £17,912, Royal Hospital £41,988) represent balancing figures over the past years up to 31st December 1944, subject to adjustment for the year 1944. The General Purposes Reserve Fund will be available after the war for carrying out deferred maintenance repairs, adaptations and improvements which have had to be set aside during the war years, and to act as a reserve for loss of income there may be in future years. The Court of Management wish to take this opportunity of expressing to all donors and benefactors their sincere thanks and appreciation for their continued interest in the work of the Royal Infirmary and the Royal Hospital.

## SPECIAL FUND

Again we have pleasure in recording our warmest thanks to the Trustees of the Talbot Cuff Convalescent Fund for their generous grants towards the cost of convalescence and after-care of our patients. During the last year the Royal Infirmary received £2,500 and the Royal Hospital £1,000 for this special purpose.

## THANKS

The Court of Management express thanks to the many Committees which perform such useful work on behalf of both unit hospitals as well as to the many organisations and individuals from whom gifts have been received. Among these the following call for special reference :—

Hospital Sunday Fund (£2,579 10s. od.).  
 Alexandra Rose Day Committee (£2,058 19s. 7d.)  
 Bernhard Baron Trust (£350)

Church Burgesses Trust (£1,182 16s. 9d.)  
The Town Trustees (£950)  
The South Yorkshire District Miners Welfare Association towards  
the cost of Orthopædic Departments (£400)  
Ladies' Working Association of the Royal Infirmary  
Voluntary Assistants—Royal Infirmary Canteen  
Linen and Clothing Guild of the Royal Hospital  
Samaritan Society of the Royal Hospital  
Tapton Court Working Party of the Royal Hospital

### **NATIONAL HEALTH SERVICE**

In the Government White Paper on the National Health Service and in more recent Government pronouncements tribute has been paid to the work and value of the voluntary hospitals. It is freely admitted that to achieve the highest standards of efficiency and service, the experience and traditions of the voluntary hospitals must have their proper place within the scheme; without their full participation the establishment of a National Health Service could not be achieved. We are confident that the Royal Sheffield Infirmary and Hospital will be called upon still further to develop its facilities for treatment, teaching, and medical research. The generous support and loyal services so freely given in the past will we feel sure be continued in no less measure in the future.

# ROYAL SHEFFIELD INFIRMARY AND HOSPITAL

---

May I draw your attention to the Form of Covenant overleaf.

A subscription under a Covenant for a period of seven years enables the Hospital to recover from the Inland Revenue Authorities the amount of tax paid on the income out of which the subscription is paid. If you have not already done so may I invite you to sign the form on the back hereof.

PERCY N. GLASS,

*General Superintendent.*

BY COMPLETING THE FORM ON THE BACK OF THIS PAGE  
A SUBSCRIPTION OF

£1	1s. od.	will then yield to the Infirmary	£2	2s. od.
£2	2s. od.	„ „ „ „	£4	4s. od.
£3	3s. od.	„ „ „ „	£6	6s. od.
£4	4s. od.	„ „ „ „	£8	8s. od.
£5	5s. od.	„ „ „ „	£10	10s. od.
£10	10s. od.	„ „ „ „	£21	os. od.
£21	os. od.	„ „ „ „	£42	os. od.

assuming Income Tax is at 10/- in the £.

The completion of the Covenant and the signing of a Certificate of deduction of Income Tax (which will be forwarded each year) will enable the Hospital to claim repayment of Tax on the gross amount of the subscription.

If a subscriber is also liable to pay Sur-tax he is entitled to deduct the gross subscription as a "charge on income," thus obtaining further relief from taxation himself as a result of this arrangement.

In case of death of a subscriber within the seven years the agreement becomes void and does not create any charge on his estate.

The General Superintendent will be glad to furnish any further particulars desired upon hearing from you.

AGREEMENT TO CONTRIBUTE TO THE  
Royal Sheffield Infirmary and Hospital

ROYAL INFIRMARY SHEFFIELD  
SHEFFIELD ROYAL HOSPITAL

I .....

of .....

hereby covenant with the Treasurer for the time being of the Royal Sheffield Infirmary and Hospital \*<sup>(Royal Infirmary Unit)</sup><sub>(Royal Hospital Unit)</sub> that for a period of seven years from the date hereof or during my lifetime (whichever period shall be the shorter) I will pay annually to the said \*<sup>Royal Infirmary</sup><sub>Royal Hospital</sub> Unit such sum as after the deduction of Income Tax, will amount to ..... from my general fund of taxed income, so that I shall receive no personal or private benefit from the said Hospital in either of the said periods.

In Witness whereof I have hereunto set my hand and seal this .....
